SPI No. 051

STANDARD PLAN INFORMATION NOTICE

Architecture, Engineering and Construction Division

This notice provides new information that may be helpful in your work with the standard plan program. Please carefully review this information to understand its potential impact on any design, construction, and R&I work within your stewardship.

Date of Notice: *14 Apr 2009*

Information Title: *AEC Design Guidelines*

Information:

The new AEC Design Guidelines are now available. These guidelines are primarily for use by consulting architects, engineers, and landscape architects who provide professional services to the Church.

Instructions for Implementation:

1. *Adobe Acrobat Reader 9 is needed to access the guidelines and can be installed from the following internet website:*

   http://get.adobe.com/reader/

2. *DTA Area staff can access the guidelines at the following hyperlink:*

   Design Guidelines *(click on Allow, if prompted with a Security Warning dialog box)*

3. *Consultants may obtain a copy of the new* AEC Design Guidelines *from DTA Area staff or by contacting DeeAnn Williams (801-240-2472 or WilliamsDC@ldschurch.org).*
