STANDARD PLAN RELEASE SUMMARY(SPR)

Physical Facilities Department

Building Design: Legacy 98
Release Date: March 2004

Release Number: 10

Summarized below is a list of modifications made to the Standard Plans, which are applicable to the Building Design indicated. This list is not intended to be exhaustive or detailed in nature, but is a tool for Project Managers and their consultants to quickly identify the changes made since the last Standard Plan Update. The **Priority Level** is intended to identify four levels of implementation for current projects in the late design phase or construction phase. Current projects in the planning phase or early design phase should incorporate all Changes where applicable. **Level 1 - Critical Priority:** Implement Change even if building is near Substantial Completion; **Level 2 - High Priority:** Implement Change even when Change may require minor additional cost - if Change will require significant additional cost or time, Change is left to PM's discretion; **Level 3 - Standard Priority:** Implement Change at PM's sole discretion. **Level 4 - Low Priority:** Implement Change as appropriate to phase of project. Change should not affect cost or schedule.

| Item No. | Affected Sheet No's and Detail No's | Affected Spec. Section | SPC No. | Description | Priority Level |
|-------------|--|------------------------------|------------|--|----------------|
| 1 | Entire set | | | Stake Suite change: The layout of the Stake suite has been modified in such a way that the Uni-sex restroom is now located within the suite. Electrical panel "A" has been located in Work Room 107. Revised all plumbing, mechanical, electrical and architectural and structural sheets. | |
| 2 | Entire set | | | Additional Uni-Sex restroom: A second uni-sex restroom has been added in room 120 located adjacent to the mechanical mezzanine stairs. The wall between rooms 119 & 120 moved toward room 120 increasing the size of room 119. Door number 121B was moved to enter through room 119. Revised all drawings and schedules. | |
| 3 | A5.1 | | | Visual Display boards: Reduced the number of visual display board type V1 with the elimination of room 120 as a classroom. | |
| 4 | A1.1 | | | Baby Changing stations: Increased the number of owner supplied Koala baby changing stations by one with the addition of the second uni-sex restroom. | |
