

STANDARD PLAN RELEASE SUMMARY (SPR)

Architecture, Engineering, and Construction Division

Building Design: Heritage 09T SC HER-09T-SC-CS-01 [Stake Center, Sloped Roof, Style C]
HER-09T-SC-DS-01 [Stake Center, Sloped Roof, Style D]

Release Date: September 2010

Release Number: 1

Summarized below is a list of modifications made to the Standard Plans, which are applicable to the Building Designs indicated. This list is not intended to be exhaustive or detailed in nature, but is a tool for Project Managers and their consultants to quickly identify changes made since the last Standard Plan Update. The **Priority Level** is intended to identify four levels of implementation for current projects in the late design phase or construction phase. Current projects in the planning phase or early design phase should incorporate all Changes where applicable. **Level 1 - Essential Priority:** Implement Change even if building is near Substantial Completion; **Level 2 - Important Priority:** Implement Change even when Change may require minor additional cost - if Change will require significant additional cost or time, Change is left to PM's discretion; **Level 3 - Standard Priority:** Implement Change at PM's sole discretion. **Level 4 - Low Priority:** Implement Change as appropriate to phase of project. Change should not affect cost or schedule.

Level 2* - Transitional Important Priority: When specifically directed by an area planning manager, PMs may Change stake center project Building Design to a selected new Heritage 09T stake center standard plan type.

| Item No. | Affected Sheet No's and Detail No's | Affected Spec. Section | SPC No. | Description | Priority Level |
|----------|-------------------------------------|------------------------|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| 1 | All Drawings | | | Drawings Set: Entirely replace drawings for all releases of the now discontinued Legacy stake center plan type with new drawings prepared for these indicated stake center plan types. | 2* |
| 2 | | All Sections | | Project Manual: Entirely replace Project Manuals for all releases of the now discontinued Legacy stake center plan type with the new Project Manual prepared for these indicated stake center plan types. | 2* |
| 3 | | | | Mechanical and Structural Calculations: Entirely replace mechanical and structural calculations for all releases of the now discontinued Legacy stake center plan type with new calculations prepared for these indicated stake center plan types. | 2* |

RELEASE NOTES:

The documents of these new Heritage 09T stake center standard plan types entirely replace documents for all releases of the now discontinued Legacy stake center plan type and are to be used for new stake centers, including stake center projects currently in planning stages, (*) where specifically directed by area planning managers.

No portion of these new documents are to be used together with any documents of the now discontinued Legacy stake center plan type.

These new standard plans types are authorized only for new stake center projects and are not to be adapted into new meetinghouse construction projects.
