

STANDARD PLAN RELEASE SUMMARY (SPR)

Architecture, Engineering, and Construction Division

Building Design: Heritage 09T MH HER-09T-MH-CS-01 [Meetinghouse, Sloped Roof, Style C]
HER-09T-MH-DS-01 [Meetinghouse, Sloped Roof, Style D]

Release Date: October 2010

Release Number: 1

Summarized below is a list of modifications made to the Standard Plans, which are applicable to the Building Designs indicated. This list is not intended to be exhaustive or detailed in nature, but is a tool for Project Managers and their consultants to quickly identify changes made since the last Standard Plan Update. The **Priority Level** is intended to identify four levels of implementation for current projects in the late design phase or construction phase. Current projects in the planning phase or early design phase should incorporate all Changes where applicable. **Level 1 - Essential Priority:** Implement Change even if building is near Substantial Completion; **Level 2 - Important Priority:** Implement Change even when Change may require minor additional cost - if Change will require significant additional cost or time, Change is left to PM's discretion; **Level 3 - Standard Priority:** Implement Change at PM's sole discretion. **Level 4 - Low Priority:** Implement Change as appropriate to phase of project. Change should not affect cost or schedule.

Level 3* - Transitional Standard Priority: When specifically directed by an area planning manager, PMs will utilize these new standard plan types for new meetinghouse construction projects.
