STANDARD PLAN **RELEASE** NOTICE
Architecture, Engineering and Construction Division

Date of Notice: 04/25/2018

Change Title: *Miscellaneous Heritage and Granger Standard Plan Changes*

Change Description:

Mechanical plan changes, sheet size changes and specification updates

Change Priority Level: **3**

❏ *Level 1 – Critical Priority*:   OUT OF SEQUENCE COST OR TIME / DEDICATED: Immediately implement this Change in all applicable Standard Plan meetinghouses under your jurisdiction—including any such meetinghouse that has already been substantially completed and/or dedicated.

❏ *Level 2 – High Priority*:   OUT OF SEQUENCE COST OR TIME / NON-DEDICATED: As soon as possible, implement this change in any applicable Standard Plan meetinghouse project being designed, bid, or constructed—even when this Change may require a delay, re-order, or tear out of Construction Work.

❏ *Level 3 – Moderate Priority*:   NO OUT OF SEQUENCE COST OR TIME / NON-DEDICATED: As soon as practical and as appropriate to the progress of the Construction Work, implement this Change in any applicable Standard Plan meetinghouse project being designed, bid, or constructed—unless this Change would require a delay, re-order, or tear-out of Construction Work.

Instructions for Implementation:

For Heritage 17 SC, Granger 300 MH, 250 MH, 250 SC projects currently in development utilizing project drawings. Downloaded from the AEC website, revised project drawings as described.

Documents Affected:

✓ Drawings   ✓ Specifications   ✓ Calculations   ❏ All Documents

Standard Plans and Styles Affected:

HERITAGE 17

✓ Stake Center
